Welcome! Message

Zayed .H. Albaddad

President & Managing Director

World Under One Roof

Albaddad international has Accompanied Renaissance of UAE since the union established 1971, we took the responsibilities to develop the market we worked in according to the global standardization, and many times create a new standardization to the sector, which makes us ranked number one in the world, by our many branches which is existing in the most important economic centers and many other countries in the world.

Nowadays, Albaddad takes a place on 1,500,000 Square feet, employed 1,500 employees believe in the leadership concept, realizing what the it requires of hard work and professionalism aware about each single detail. Our sector leadership was never and sudden success, or based on economic boom, it becomes from our believe that we are a team will never accept less than number one rank.

Following long hard way we have been passed, and following the hard work we have been done, I'm pleased to thank all members of this group who participate in establishing this industrial monument which we all proud of. As we I would like to thank our strategic partners who believe as well in our name to be the ranked number one worldwide.
